Using the Super Antenna FG1 Frequency Guide SWR Ruler with MC80 and MC60 SuperCoils

Hold the FG1 on the
Right Side of the SuperSlider

Adjust the bottom of the
SuperSlider coil sliding metal tube
to match the desired frequency
using the BLUE scale for MC80 SuperCoil
or the RED scale for MC60 SuperCoil

Line up the Blue Arrow on the
bottom of the blue scale of the
Frequency Guide, with the
aluminum metal ring between
the MC80 or MC60 and the
SuperSlider Coil.
